### IMPORTANT NOTES FOR GLOBAL PROGRAMS STUDENTS - PLEASE READ:

Students should consult with the instructor and the academic advisor before making any course changes.

**Do not register for a course # that you have taken previously**, unless the course is specifically designated by the university as “repeatable.” If you enroll in the same, “not repeatable” course number twice, even with different section # or suffix, the university will let you take the course but not give you academic credit. Instead, consult your instructor and/or the coordinator of Global Programs. Since your travel course is a unique course offering within the university, a special course # can probably be used for you.

**Registration Deadline for Global courses: One month prior to travel.**

Section #s:

Courses on fall programs have Section # **771**

Courses on spring programs have Section # **731**

Courses on the spring Puerto Rico service-learning program has Section # **732**

Students who have a 3.0 or higher GPA may register for up to 6 credits on a single Global Program, with permission of the campus Director of Academic Affairs. Please see Lisa Yanonis in the 207A Tomezsko Global Programs Office.
